

Programm der Sitzung

19.-20. Juli 2024

Molecular Origins of Life, Munich 2024

Session H

LMU Munich - Great (Große) Aula
Geschwister-Scholl-Platz 1 80539 Munich Germany

Sa., 20. Juli

15:30

Session H

Sitzung | **Ort:** LMU Munich - Great (Große) Aula, Geschwister-Scholl-Platz 1 80539 Munich Germany

15:30–15:55 Uhr

Challenging the Discontinuous Synthesis Model to Make Prebiotic Polyribonucleic Acid

Sprecher

Steven Benner

15:55–16:20 Uhr

Template-based copying in dynamic combinatorial libraries out of equilibrium

Sprecher

Job Boekhoven

16:20–16:45 Uhr

Self-Assembly and Non-Enzymatic Polymerization of Plausible Proto-Nucleotides: A Model for Monomers and Polymers that Preceded RNA

Sprecher

Nicholas Hud

16:45

16:45

17:05

Session H: Discussion

Sitzung | **Ort:** LMU Munich - Great (Große) Aula, Geschwister-Scholl-Platz 1 80539 Munich Germany
